

# CALL FOR APLLICANTS

## Faculty positions at the University of Science and Technology of Hanoi USTH Talent Recruitment Program

### I. JOB DETAILS

Founded in 2009 within the framework of the Intergovernmental Agreement between Vietnam and France, University of Science and Technology of Hanoi (USTH, also called Vietnam France University) is an international public research-oriented university located in Hanoi, Vietnam. USTH is strongly supported by the Vietnam Academy of Science and Technology and a Consortium constituted of more than 30 leading universities and research institutions in France. USTH offers a stimulating, internationally standardized environment for research and education in science, engineering, and technology.

We are seeking outstanding candidates for the USTH Talent Recruitment Program (USTH-TRP2030), aiming to recruit 25 scientists to lead vigorous independent research programs in fields including, but not limited to, computer science, artificial intelligence, data science, cyber security, robotics, biotechnology, semiconductor, and renewable energy.

Applicants must hold a Ph.D. degree, with postdoctoral experience and strong research accomplishments. Faculty positions are open at the ranks of Lecturer, Associate Professor, and Full Professor. Each faculty member will receive a competitive salary and a nationally competitive start-up package that includes research funds, laboratory space, equipment, and research support.

For those who are interested, please submit your complete application package including the following materials as a single PDF file in English to [talent.recruitment@usth.edu.vn](mailto:talent.recruitment@usth.edu.vn). Subject Line Format: [Your Name] - USTH Faculty Application - [Your Research Field]

- Cover letter
- Up-to-date CV with a publication list and Google Scholar profile link
- Statement of Research Accomplishments and Future Research Plan (3-10 pages)
- 2 letters of reference, to be sent directly by your referees to the email address provided above

**Review of applications will start upon receipt and will continue until all positions are filled.**

**For more information, please contact: [talent.recruitment@usth.edu.vn](mailto:talent.recruitment@usth.edu.vn) or [tran-dinh.phong@usth.edu.vn](mailto:tran-dinh.phong@usth.edu.vn)**

### II. UNIVERSITY'S OVERVIEW

#### **University of Science and Technology of Hanoi (USTH, also called Vietnam France University)**

USTH was established in 2009 under the intergovernmental agreement between Vietnam and France. USTH is one of 03 public international universities in Vietnam, with the aim to be a research-oriented university providing European standard training programs and research environment in the fields of natural science, engineering, and technology. USTH is strongly supported by the Vietnam Academy of Science and Technology and the USTH Consortium, which is composed of more than 30 leading French universities and research institutions.

Currently, USTH offers 20 bachelor's, 6 master's, and 7 PhD training programs, with a total of ca. 4000 full-time students. Each year, USTH welcomes about 150 full-time and exchange international students. The teaching language at USTH is English. USTH is the youngest among the seven universities in Vietnam accredited by HCERES.
