

INTERNATIONAL CONFERENCE

Circular Bioeconomy & Bio-based Product Innovation

AP-CBioVa 2026

28-30 October 2026

Date

Ho Chi Minh City, Vietnam

Venue

Oral, poster & networking

Format

Scientific scopes

- ◆ Circular bioeconomy systems & sustainability assessment
- ◆ Greener fractionation & extraction technologies
- ◆ Bio-based materials & biopolymers
- ◆ Bioenergy & biofuels
- ◆ Environmental technologies & quality assessment
- ◆ Policy, market development & innovation ecosystems

- ◆ Biomass & bioresource valorisation
- ◆ Molecular transformation & bio-based synthesis
- ◆ Industrial biotechnology & bioprocess engineering
- ◆ Agro-food, nutraceutical & cosmeceutical applications
- ◆ Techno-economic & life-cycle assessment
- ◆ Start-ups, technology transfer & industrial partnerships

Conference format

- › Plenary keynote lectures by international experts
- › Parallel technical sessions (keynote + oral presentations)
- › Poster sessions & industrial exhibition
- › Special sessions: industry & policy dialogue
- › Networking forum & gala dinner
- › Industrial & enterprise visits

Participants

- › Researchers & graduate students
- › Engineers & industry professionals
- › Entrepreneurs & start-ups
- › Policymakers & institutional stakeholders
- › Fields: green chemistry, biomass processing, materials science, biotechnology, food science, environmental engineering, sustainability

◆ Oral & poster presentations welcome ◆
